Benvidos nenas e nenos,
achegádevos sen medo
heivos levar de paseo
imos xuntos ao museo.

Son un mouchiño pequeno
que se enche de alegría
ao vervos entrar tan ledos
e coa lección aprendida.

Nacín no maxín dun xenio
dende sempre acompañeino
durmindo nas caracochas
na cor dos seus pensamentos.

Benvidos nenos e nenas!!!!,
agarimos de mil plumas
para a xente interesada
no corazón de Quessada.

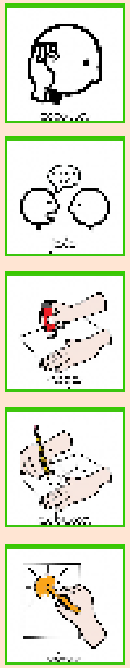
A MIÑA FAMILIA



Xaime naceu en Ourense o 14 de xullo de 1937. Foi o pequeno dunha familia de 6 irmáns, 5 nenos e 1 nena.

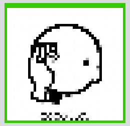
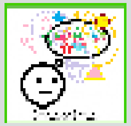
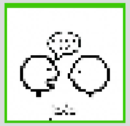
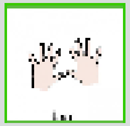
O NENO









Neste museo poderás ver un cadro no que Xaime se retratou coa súa irmá.
Que che parece este cadro?

Eu creo que mostra unha relación de gran cariño.

Ela era compañeira de xogos de Xaime e para el unha parte fundamental da súa infancia.

Acompañeinos moitas tardes nos seus xogos na Barronca. No cadro parece que están a conversar. De que cres que poden estar a falar?

ABSTRACCIÓN

Xaime traballaba sen parar, a súa produción foi enorme. A frase que máis se escoitaba no seu estudio en Lucenza era: "Xa vou!!!!", pero nunca vía o momento de parar de pintar.

AS NAIS

Mira estoutras familias

Xaime pintou moitas maternidades, a nai co seu fillo no colo. No Pazo de Vilamarín podes ver moitas, a primeira que atopamos é especial, distinta do resto das que vas ver no museo.

Buscamos diferenzas e semellanzas. Cal che gusta máis? Por que?

Xaime construía a base de cores. As cores que utilizaba para facer as súas obras eran moi distintas segundo onde se atopase.

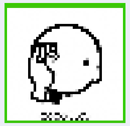
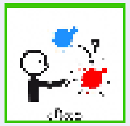
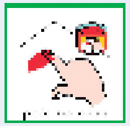
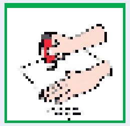
AUTORRETRATO

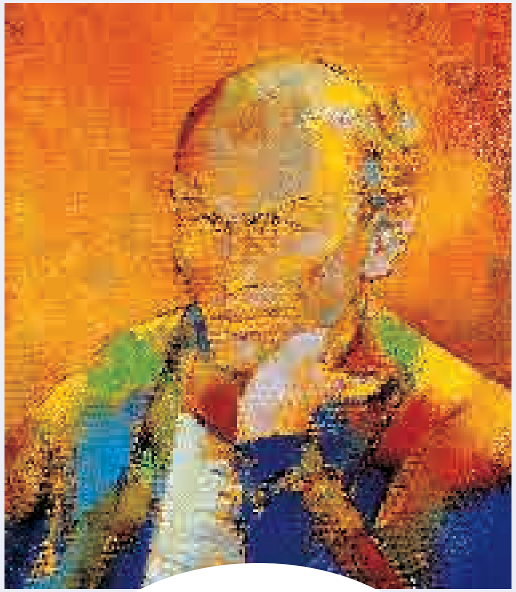


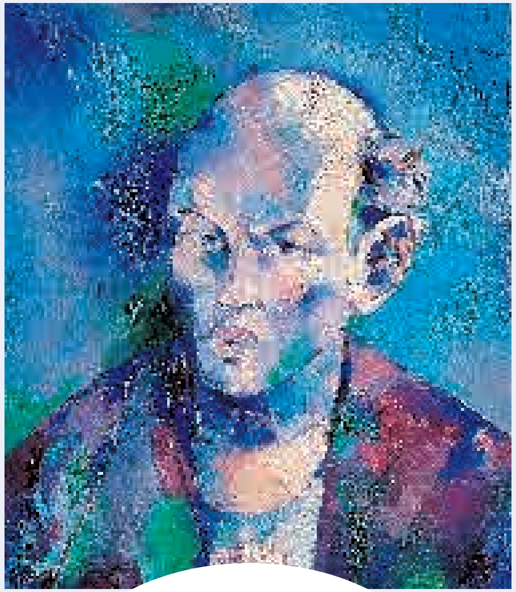


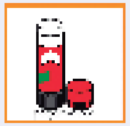


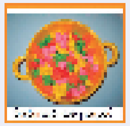


Preséntovos o artista: este é Xaime, e pintouse en tres cores.
É un autorretrato, un retrato dun mesmo.









Collemos pintura de dedos e pintamos en cada círculo coa cor predominante en cada retrato, ou facemos boliñas de papel maché e enchemos cada círculo coa cor que corresponda.

SÍMBOLO OESTRIMNIO

Admiraba o río Miño, lembraba os seus xogos infantís na Barronca, sentíase ourensán e galego. Estudaba acotío sobre os nosos devanceiros, e nesas investigacións descubriu Oestrimnia. Este descubrimento das nosas orixes inspirou a súa "Historia Subreal de Galicia" e a serie de cadros que podemos ver no museo.
