

GUESS THE INVENTION!

STUDENT A

Look at the inventions below. Make definitions using *which* or *where*, you partners need to guess them.

Example:

You need to make a definition using *which* or *where* for each invention so your partners can guess which object you are referring to.

For example:

DISHWASHER	<p><i>-This is a machine which washes dishes automatically. What is it?</i></p> <p><i>-A dishwasher.</i></p> <p><i>-Yes, it is! Well done!!</i></p>
