

## GUESS THE INVENTION!

### STUDENT B

Look at the inventions below. Make definitions using *which* or *where*, you partners need to guess them.

#### Example:

You need to make a definition using *which* or *where* for each invention so your partners can guess which object you are referring to.

For example:

<b>DISHWASHER</b>	<p><i>-This is a machine <b>which</b> washes dishes automatically. What is it?</i></p> <p><i>-A dishwasher.</i></p> <p><i>-Yes, it is! Well done!!</i></p>
