

GUESS THE INVENTION!

STUDENT C

Look at the inventions below. Make definitions using *which* or *where*, you partners need to guess them.

Example:

You need to make a definition using *which* or *where* for each invention so your partners can guess which object you are referring to.

For example:

<i>DISHWASHER</i>	<p>-This is a machine which washes dishes automatically. What is it?</p> <p>-A dishwasher.</p> <p>-Yes, it is! Well done!!</p>
--------------------------	---

<i>THE INTERNET</i>	
<i>FRIDGE</i>	
<i>AIRPLANE</i>
